NATIONAL DIRECTORY OF CHRISTIAN RESIDENTIAL MINISTRIES FOR CHILDREN AND YOUTH

COMPILED AND DISTRIBUTED BY THE FATHER'S HEART
"A FAMILY TO FAMILY MINISTRY"

2009 EDITION

"A Father to the fatherless is God in His holy dwelling." Psalm 68:5

To those seeking placement of a child or youth:

The enclosed database contains information from homes that are Christian ministries, or communicate the Gospel in some way to those under their care. Discovering the amount of Christian input should be part of your research as you seek out the best placement for your client or child.

I have put this compilation together as a tool to aid parents and workers as they seek an out of home placement for a child or youth. I have not examined each home and in no way want to communicate that we are giving a stamp of approval to any ministry; this is not my goal. This is only a tool and the reader must research each possibility carefully to find the program that suits the person being placed.

*There are three parts of the database that can be unclear. There is a space following the word **SCHOOL** and there are several alternatives listed throughout the directory. The alternative on grounds Christian school means they have such a school on the campus. Others may have alternative schools, special education school, or public school classes taught by public school teachers. I have tried to identify and list these alternatives when possible. Again, as you research the homes ask questions about educational services. The same is true of counseling services.*

*There is some form of counseling in all the homes I know about. This may be carried out by a licensed counselor, a person not licensed but degreed in counseling, pastoral counselors, or the direct care staff giving oversight to the children. Counseling may or may not be on campus. These options are listed next to the word **COUNSELING** to help determine how the counseling is delivered and what form of counseling takes place.*

*Cost of care is variable depending upon the care given, services offered at the facility, and the mission and philosophy of the organization. Next to the word **COST** there are several options listed. A few indicate they are State funded. These homes primarily receive their residents from the county and state and are usually court committed children. Many if not all of these homes have some provision for private placements. Most of the homes listed charge by a sliding scale, which takes into consideration the ability of the family to pay. There are a few homes, especially in the South, that simply ask for a donation. Every family should be able participate in the care of their son or daughter by paying something to the agency ministering to them.*

*We used the term **SECURE** to identify those places that would hold a youth against their will. If your child is at risk for running, you should discuss this ahead of time with the facility management to insure the maximum safety of your child. When a child is resistant to placement you may want to consider an escort service.*

Should you need assistance going through the process of finding a home, there are individuals who will work with you to secure a suitable placement for your son or daughter. Some consultants are listed in the appendix of this document. My wife and I are here to pray with you and serve you in any way we can at no cost. Our prayer is that your child obtains the best Christian care possible and the family is reunited to give glory to God.

Many thanks to Karen Kerns who was responsible for the layout design, and the process of taking the directory from a table to the easy read data base enclosed. We literally could not have done it without you Karen. Thanks!!

In Christ,

Jim and Cherie Lindsey
